

Vendor Requirement Webinars

Last modified: 10/26/20

Webinars can be scheduled with Brand Partners in order to communicate important requirements, assist in the navigation of the NMGOPS.com website, and offer the opportunity to ask questions of the The Neiman Marcus Group Operational Team. Each participant is connected to the Neiman Marcus Group host, presenters and other attendees via the Internet. These live sessions can be approximately 1 hour long and will encompass information from our EDI, Transportation, and Partner Relations teams.

Please contact the Partner Relations Team if you would like to schedule:
