Factory Inspections

Last modified: 04/02/12

As a member of the Customs-Trade Partnership Against Terrorism (C-TPAT), The Neiman Marcus Group, Inc. is required to visit all business partners that provide merchandise or services to our company. For our international shipments, we must review our freight forwarders both in the US and abroad and also visit our vendor's factories.
NMG has a policy of visiting our vendors once every three years to verify the safety of our products and to verify that our vendors are abiding by the working standards established by their own country. We work directly with our Foreign Buying Agents to schedule our visits.
This section outlines the C-TPAT requirements that NMG will follow if a visit to your facility is scheduled.
