

**Figure A**

Roll evenly so that the ends are aligned.

**Figure B**

**Figure C**

Tape down excess material both length and width.

**Rug Packaging Requirements:**

**Figure A:** When rolling rugs, be sure that the rugs are rolled evenly and tightly so that the ends are aligned.

**Figure A & B:** All ends must be taped down completely. Polybag should be placed tightly around the rug and all loose material should be taped down.

**Figure C:** When folding over the excess material, please be sure you tape along length and width.
